**Brief Description of the Event:**

One Day National e-Conference was organised by the Department of Mathematics on *Recent Trends and Skills for Innovative Research in Mathematics*. The keynote speaker spoke elaborately on the recent trends and innovative research in the contemporary decades in the field of mathematics. He further said that Mathematics is the universal language which has encompassed almost all the fields of employment, corporate sector, central and state government offices in modern times.

**Program Outcome:**

The participants were acquainted with the infinite world of numerical, mathematics and statistics. They were informed of the various services and data collection undertaken by central government state government and district offices which create countless job opportunities every year.

### About the College

Smt Radhabai Sarada, a multi-faculty, grant-in-aid institution, offering UG, PG and PhD programmes, affiliated to Sant Gadge Baba Amravati University, Amravati was started by Shri Sarva Education Society with a vision to make higher education available to the underprivileged sections of society in the vicinity of Anjangaon Surji. It has three major streams- Arts, Commerce & Science with a distance mode centre of YCMO University, Nasik and HSC (Voc.). The competent, efficient, dedicated and well-qualified staff with the highest academic degree, a far-sighted visionary management and good infrastructure have contributed to making it an excellent centre of higher education. Keeping in mind the contemporary global and national context, the college strives continuously to make success a way of life not only in academics but also in extra-curricular activities. It has always been the prime focus of the college to provide students the best possible ambience for learning and personality

development. Since its inception, the college has been instrumental in catering to a variety of educational interests and aspirations of the people of the area. Today, the college is recognised as one of the well-known centres of higher education in this rural area of Amravati district in Maharashtra.

The Department of Mathematics was established in the year 2006 with the inception of the Science Faculty. Presently, the department is run by a single faculty member. He is highly committed towards quality teaching and actively involved in extra-curricular & academic activities at the college as well as the university. Many students of the department pass out with good grades every year and many of them have been placed in various fields after completing their post-graduation in Mathematics.

### Concept of e-Conference

The COVID-19 Pandemic has brought forth challenges to the scientific community. However, this has also offered opportunities for the pursuit of new areas of teaching-research. Researchers and academicians can take advantage of this lockdown period by analysing data, reviewing literature, writing articles-dissertations and exploring new avenues. Mathematics is the science of all sciences. It is considered as the backbone of physical sciences, engineering sciences as well as medical sciences as it plays a key role in solving the real problems of the world. According to Francis Bacon, Mathematics sharpens human mind. With a view to making an elaborate deliberations on the above issues, our college organises a One Day National e-Conference on *Recent Trends and Skills for Innovative Teaching-Research in Mathematics*. We hope this conference will motivate the young researchers in the recent emerging trends and the areas of mathematical, scientific and computational research.
